Additional Information

For worsening symptoms, changing condition, problems, or questions:
Non-emergency: Call your PCP, DEBORAH J GIANNONE at 607-762-2660
Emergency or crisis: Go to the closest emergency room or call 911

Return to the ED if:

- You are unable to keep down your medications or are unable to take adequate fluids or nutrition.
- You have black or bright red stools suggestive of gastrointestinal bleeding.
- You have recurrent fevers.
- You have new or worsening chest pain.
- You have new or worsening abdominal pain.
- You have new or worsening shortness of breath.
- You develop new or worsening confusion.
- You suspect you have a medical emergency.

If you had an X-Ray and/or an EKG, the results given to you by the Emergency Room Practitioner may have been preliminary. X-Rays and EKGs are reviewed by specialists. If there is a change in the interpretation or treatment plan, you will be notified. Some fractures and illnesses fail to show up on preliminary tests.

Continue taking all prescribed discharge medications as directed unless changed by your provider.

If you use tobacco and would like help to quit, call the New York State Quitline at 1-866-697-8487 (1-866-NY-QUITS)

Quit smoking now to greatly improve your health.
